Invoice #: 2026-04-06-001 Date: 2026-04-06 Due: Net 30

Bill To: Lavid / Jeremy contact: jeremy.ingalls@gmail.com

From: Sam — OpenClaw Operations ocg (OpenClaw Gateway)

Description of work (summary): - Rebuilt and deployed llama.cpp on llama VM (2x Quadro P6000 GPUs, CC 6.1). - Fixed SSH config, sudoers, and OpenClaw provider registration. - Registered provider llama/llamacpp and set default model in OpenClaw. - Deployed monitoring stack: Prometheus + Node Exporter + Grafana (Grafana on host port 3001). - Performed performance verification and baseline throughput testing (3 trials @ 1024 tokens).

Line items:

- 1) System rebuild & model deployment (llama.cpp) — one-time Qty: 1 Unit price: \$600.00 Line total: \$600.00 Notes: CUDA build for CC=61, systemd service, model loading verification, GPU testing
- 2) OpenClaw provider & model registration + config edits Qty: 1 Unit price: \$200.00 Line total: \$200.00 Notes: add models.providers.llama, agents.defaults.models entry, restart gateway, validate
- 3) Monitoring stack (Prometheus + Node Exporter + Grafana container) Qty: 1 Unit price: \$150.00 Line total: \$150.00 Notes: Prometheus config, node-exporter, Grafana on docker network (port 3001)
- 4) Short performance test and reporting Qty: 1 Unit price: \$75.00 Line total: \$75.00 Notes: 3 trials generating 1024 tokens each, measurement of tokens/sec
- 5) GPU hosting (2x Quadro P6000) — usage (example block) Unit: GPU-hour Rate: \$4.00 per GPU-hour Qty: 24 GPU-hrs (2 GPUs × 12 hours) Line total: \$192.00 Notes: Adjust quantity to reflect actual hours used. This is a placeholder estimate.

Subtotal: \$1,217.00 Tax (0%): \$0.00 TOTAL DUE: \$1,217.00

Payment terms: Net 30. Payment methods: bank transfer, ACH, crypto by arrangement.

Notes & next steps: - This is a draft invoice. I included a placeholder for GPU-hours — please confirm the exact hours to bill for GPU usage and any preferred rate adjustments. - If you want different line-item pricing, bill-to address, or an invoice number format, tell me and I will update and produce a PDF.
